OUR SERVICES

MECHANICAL SERVICE

We do overhauling and maintenance and repair works on all types of marine engines.

ELECTRICAL/AUTOMATION/ AND PNEUMATIC SERVICES

We offer installation, commissioning, conversion, maintenance, repair and inspection for marine pneumatic, electrical and automation systems.

HYDRAULIC SERVICES

We offer a complete suite of hydraulic services, from routine maintenance and troubleshooting to complex repairs and overhauls.

WHO WE ARE

We provide expert marine vessel maintenance, repair, and ensuring maximum efficiency, safety, and compliance while minimizing downtime.

We also maintain a robust supply chain of spare parts for both shore based industries and off shore marine world, ensuring timely access to high-quality components for vessel repairs and maintenance.

Vision

Our goal is to keep your fleet sailing smoothly while reducing operational downtime, enhancing performance, and ensuring adherence to global standards.
